INSPIRE

Compare before you buy!

Apple-to-Apples

Compare overhang and fascia widths. You may want to coordinate with your house, but some barn builders don't offer a wide fascia or overhang.

Our 2"x6" fascia improves proportions and matches most houses well. It is standard in our Hudson Bay and Signature Series barns.

Also, be sure the wall heights are the same in the models you are comparing.

Skyline garage, Inspire, page 50

Buyer's Checklist

Our barns include more, often much more for the price. Here's what to look for:

- Piano Hinge. Six foot long, secure, smooth acting. Ours exclusively.
- Dimensional Shingles. Standard on Hudson Bay and Signature, available on New England. Steel roofs are available, too.
- Structure. For example, our 10x10 barn comes with 5 skids, while some use 4 skids, with the 5th skid at an extra-charge. Metal truss plates, often extra or unavailable, are standard.
- Joists on Edge. Floor joists are laid on edge in most of our barns, for a strong, stable floor.
- **Treated ¾" flooring** is standard, not an extra-cost option.
- **Shipping Included.** Our prices include shipping, so you see complete costs up front.
- Special Features Included, such as lofts or steeper roof pitches, in appropriate models, not priced separately.
- 2" x 6" Fascia. A little detail that makes a big difference. Signature and Hudson Bay.
- 20-Year Warranty. Your barn is also covered by LP's 5/50-Year warranty. New England has a 5-Year warranty.
- Personal Buying Help. We are happy to help you make fair and accurate price comparisons, so feel free to bring in competitors' price sheets. The more you know, the better your buying decision will be.

Carrying material from truck to site is \$1 per foot beyond 50'. Some 12' wide models are slightly undersized for delivery purposes. Factory built models 16' wide and wider are shipped in two sections.

* 14' Wide factory built models shipped to Pennsylvania or West Virginia incur an additional \$450 permit and escort fee

Buying Good, Better or Best?

Our three series of barns have slightly different building standards for different budgets and needs. Building standards are listed in a helpful chart on p. 59 of *Inspire* magazine.

But don't be deceived! Our "Good" New England models are better than some sell as their best! Our "Better" Signature models offer a wide range of tempting styles and almost any option you could want, all built to excellent standards. Our "Best" Hudson Bay models offer several premium materials and extra design details. And our Custom level of building gives you anything, including super-large sizes, special details, garages, cottages, even full-size homes!

Easier than you think! Our Signature Series Aurora and Skyline barns are the most popular models. Many people add windows and choose a door size and ramp to accommodate their lawn tractor. Lofts and workbenches are very popular, too. Spec'ing a special combination of paints or stains is easy when we do the painting, and our 7-Day Paint Cure improves adhesion. We also offer free design assistance to help you choose options and finishes that add value.

Affordable too! Ask about sales and specials, check our Low Price Guarantee, consider Rent-to-Own and/or dealer financing, and compare to renting storage space. We can help you make a barn affordable.

Ask about Specials and Sales

Buying factory-built vs. built-on-site? Most barns come either way at the same or a similar price.

- 1. If you want to paint it yourself, order built-on-site, which comes primed and ready to paint.
- 2. If you want it to come painted, order factory-built and specify the paint color.

GETTING TO KNOW YOUR BARN

Paint and stain sample chips are shown on page 54 of Inspire magazine.

The Standard Paint Scheme

Many people like a barn painted as shown. Popular variations include using trim paint on the door panels (C) and an accent paint for the window boxes (M) and shutters (L).

Many Possibilities

You can paint your barn to match your house, but outbuildings are a chance to be creative. Try one of the many pleasing paint schemes shown in *Inspire* or invent your own!

SUPER BRIGHTS

Two colors, one for base and one for trim and accents, applied as shown, are included at NC with factory-built barns.

BASE PAINT, APPLIED

APPLICATION FEE. We apply one Standard paint to siding at no charge or a Premium or Super Bright for a little more.

		Standard	Premium	Bright
Α	Siding	NC	\$80	\$122
Use the	same paint as the siding at no char	ge. For any o	ther color, t	the
followin	g charges apply.			
В	Corner boards	NC	NC	NC
С	Door panels	\$50	\$50	\$72
D	Fascia	\$50	\$50	\$72
E	Soffit	\$150	\$150	NA
F	Gable ends (splice and above)	\$150	\$150	\$183

APPLICATION FEE. We apply one Standard or Premium paint to all of these areas at no charge. Brights are a little more, as listed below. To have a barn painted in three, four or more colors, see "More than Two Paint Colors."

TRIM AND ACCENT PAINT, APPLIED

		Standard or Premium	Bright
G	Corbels	NC	NA
Н	Door trim	NC	\$11
1	Trim around doors (on barn)	NC	\$11
J	Wood vents	NC	\$11
K	Window trim	NC	\$11
L	Wood shutters	NC	\$17
M	Wood flower boxes	NC	\$17
N	Cupola	NC	\$17
	Awning (not shown)	NC	NA

MORE THAN TWO PAINT COLORS

Two colors are included as standard with factory-built barns.	
Each extra paint color	\$50

STAINS, APPLIED

Zone 3 Jan 15

Lifeline Ultra-7 for pine siding, 2 coats stain & 1 coat clear, per sq ft	\$3
Haley 153 stain for SmartSide or LP lap siding, per sq ft	\$2

PAINT OR STAIN IN THE CAN

For homeowner application	
Acrylic Latex Paint, per gallon	\$27
Lifeline Ultra-7 Stain for pine siding, per gallon	\$90
Lifeline Ultra-7 Clear Coat for pine siding, per gallon	\$90
Haley 153 stain for SmartSide or LP Lap siding, per gallon	\$67

Please Note: Factory-applied paint is finished with our 7-Day Cure, which improves the adhesion of paint.

Want more details? See pages 53-60 of *Inspire* magazine.

Some standards vary among the three series, New England, Signature and Hudson Bay. The Standards chart on page 59 details any variations.

Look at all that comes standard! You get more when you buy a barn here!

20-YEAR WARRANTY

Tops in the industry. Worry-free.

SIX-FOOT PIANO HINGE

The best barn hinge, it improves security and operation.

KEYED LATCHES

Lock it up! It's easier with our barns and more secure.

6" FASCIA

Matches your home and looks more graceful, too.

BETTER

The secret to a better porch barn

HORIZON I SIGNATURE

Porch construction makes a big difference in how long-lasting and trouble-free your porch barn will be.

Running skids the other way allows a porch to settle at a different angle or even separate from the main structure.

Our porch barns are constructed with the skids running from the front (under the porch) to the back.

Rent-to-Own lets you install a factory-built barn and use it while you pay for it. You get the storage you need in your own backyard, and in a few months you will own your barn!

RTO columns show est. monthly payments (not including options, delivery or sales tax). Available with SmartSide.

8x14 \$2,880
